Planning application: P/4822/19 – 42 Roxeth Hill

Dear Blythe Smith

The Harrow Hill Trust Planning Committee has considered this application and has the following comments.

Whilst we do not object in principle, we believe the detailing of the extension could be improved by a brick on edge and tile creasing coping to the flat roof, thus avoiding any unfortunate and ugly fascia board and guttering details that would not be appropriate for the conservation area or the style of house.

Kind regards,

Dr Simon Less

Chair, Harrow Hill Trust Planning Committee
