Planning application: P/3063/20 – Harrow School Cricket Ground North Side, West Street

Dear Shamal London

The Harrow Hill Trust Planning Committee has considered this application and has the following comments.

Based on the drawings (as far as can be discerned) we have concerns about the look of the proposed windows on the front elevation. We suggest that the Council make it a condition that the glazing pattern and details of the windows need to be approved.

We are concerned about the visual impact that the profusion of railings would have. We ask that the number of railings is minimised consistent with relevant regulations.

We have a preference for reinforced grass as the surfacing material to maintain as far as possible a natural appearance.

Kind regards,

Dr Simon Less

Chair, Harrow Hill Trust Planning Committee
