RE: P/3870/20 Roxeth Mead

Dear Blythe Smith

It is always encouraging to see owners of such a character property seeking to maintain its condition. However, we would appreciate if the Council could seek to promote use of original materials for the restoration. To that end may we suggest that the Council makes information available to applicants of Listed and Locally Listed properties on grants which may be obtained such as from Harrow Heritage Trust to encourage such restoration.

Yours sincerely

Paul Catherall
