RE: P/3800/22 7 Georgian Way

21 November 2022

Dear Hayden Parker

Although there is no impact on the nearby conservation area and listed building, we do think that the carport is poorly positioned which would be detrimental to the street scene, The front left post is proud of the front corner of the house, and it would look much better if it was behind the frontage of the house.

Yours sincerely

Paul Catherall
